What Our Clients Say...

"I can't recommend Haswells highly enough. Rachel and her team have helped our business so much since taking over as our accountants. Haswell's are the fourth accountancy company which we have used and they have filled us with the most confidence.

Finding someone who cares about your finances as much as you is difficult to say the least, and after years of checking and counter checking information which has been sent I can finally say that we have the peace of mind to let Rachel and her team do what they are good at. In turn this enables us to concentrate on what we are good at."

• A Kelly-Smith, Director, Semper Plastering Ltd

What Our Clients Say...

"I have been with Haswells for over 40 years and during this time I have received the best advice and business guidance I could wish for.

Their approach is highly professional right from the start. The advice Haswells give to all aspects of your business is invaluable, dealing with everything from payroll to tax affairs and dealing with HMRC and VAT issues.

I can strongly lend my recommendations to anyone looking to either start a business or indeed looking to change accountants then look no further."
